Subject: Revised Request for Information  
Area near Santa Fe, New Mexico

Dear FOIA Officer:

CDM is requesting information regarding the site shown on the attached figures. We are currently working for the City of Santa Fe, New Mexico to build a pipeline and water treatment plant. Any information you could give us pertaining to land around the proposed pipeline will be used in the Phase I Environmental Site Assessment that is being conducted prior to construction.

Figure 1 shows the overview of the proposed distribution pipelines. Figure 2 is an enlarged view of the proposed distribution pipelines near Santa Fe, New Mexico. In both figures, the pipeline is shown in red.

If you have any questions regarding this request, please call me anytime at 714.309.4001. Thank you for your attention to this matter.

Very truly yours,

Rosalind Douglas, P.G.

Dear Ms. Douglas:

We have received your November 16, 2005, request under the Freedom of Information Act for any information relevant to property in the Santa Fe, New Mexico area. Number 06-RIN-00097-06 has been assigned to your request. Please reference this number if further information is needed.

Based on the information you provided, the Source Water Protection Branch of the EPA Region 6 office in Dallas, Texas does not have any information regarding this property in the Santa Fe, New Mexico area. You may receive direct replies from other Region 6 program offices if they have any information on this property. A final billing, if required, will be sent to you by Jerva Durham, Region 6 Freedom of Information Officer.

If you have any questions concerning the status of the remainder of your request or need additional information, please contact Ms. Durham at (214) 665-6597.

Sincerely yours,

RE: FOIA Request 06-RIN-00009706, Letter Dated November 16, 2005

Dear Ms. Douglas:

First, this response is with respect to only the Emergency Planning and Community Right-to-Know Act (EPCRA) Section 313, commonly referred to as TRI (Toxic Release Inventory) reporting. It should not be construed nor be considered that this is an all inclusive response covering all federal and state environmental laws and regulations.

With respect to your inquiry of the "site" somewhere, I presume, in New Mexico. There are 3 criteria, of which all 3 must be met, in order to come under the jurisdiction of Section 313 of EPCRA. One of those criteria is that a "facility" must fall in a specifically listed SIC (Standard Industrial Classification) Code. From the best I can tell, this "site" is not a facility and therefore unlikely to fall into a covered SIC Code. Therefore, the EPCRA 313/TRI Program does not have any of the requested information you are seeking.

We hope you have found this information of some use.

Sincerely yours,

A handwritten signature in cursive script, reading "Morton E. Wakeland, Jr.", is positioned above the typed name and title.

Re: Freedom of Information Act Request 6-RIN-00097-06

Dear Ms. Douglas:

This letter is in response to your Freedom of Information Act (FOIA) request dated November 16, 2005, for information on the land around the proposed pipeline and water treatment plant located near Santa Fe, New Mexico, specifically:

- Any information pertaining to land around the proposed pipeline.

In your telephone conversation on December 1, 2005, with Tina Kirst, a contractor for the Region 6 Environmental Protection Agency (EPA) Superfund Division, you stated you are withdrawing your request because the locations of the sites for which Superfund has information near and around Santa Fe, New Mexico are not within a one mile radius of the proposed pipeline, therefore, your file is being closed.

You should also receive direct replies from other EPA program offices and a final billing from the Region 6 Freedom of Information Officer, if appropriate. If you should have any questions or need additional information, please contact me at (214) 665-6659.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Ida Gilleland".

Dear Ms. Abeyta,

CDM is requesting information regarding facilities that may be generating, storing, treating, or disposing hazardous wastes along the following streets in Santa Fe:

- Oliver Road
- Crouch Court
- Baca Lane
- Paseo del River
- Colony Drive
- NM-599 Frontage Road
- South Meadows Road
- Caja del Rio Road

We are currently working for the City of Santa Fe, New Mexico to build a pipeline near these roads. Any information you could give us will be used in the Phase I Environmental Site Assessment that is being conducted prior to construction.

Martin,

We spoke last November regarding Santa Fe County Fire Department's emergency management files. At the time, I was requesting information regarding businesses along the City's and County's proposed water pipeline. You told me that it would be best if I had business or company names along the pipeline route, as your files have been sorted by company names rather than addresses.

I have one business that I would like to inquire about: LaFarge, 30 Colony Drive, Santa Fe, NM 87502. Do you have any files regarding this business? Any information you provide me will be used to determine mitigation measures for pipeline construction.

Thank you,  
Ros

## Discussion:

City of Santa Fe Fire Dept – area is likely out of the city limits.

505.992.3070 for county fire dept.

Underground tank state Fire Marshall: 505.827.3550

Emergency Business Plan not required to be submitted to the fire department. Instead, the firemen have a "Pre-plan" targeting specific businesses: layout of buildings, incl. potential flammables, chemical storages. Not a requirement.

Martin Vigil – Santa Fe County Fire Department, environmental management: 505.992.3072 mvigil@sfcfire.org.

Reporting law: community right to know act – might have some of that.

Aboveground only for businesses. For underground, call NM 1-call (i.e. utility companies).

EPA right to know – certain communities – required to report to LAPC. Not RCRA. Tier 2 reporting system. Never had the infrastructure to enforce – voluntary.

Might need to travel the route and list any suspicious activity. Identify the company/business: we can ask them what they had, b/c of community right to know act. SFC Fire has a right to request.

We should submit a list of businesses or companies along the route. Not be filed by location.

Illegal dumping would be reported to NM Environmental Dept.

Here is a list of hazardous waste handlers who have notified NMED of their HW activity. All are generator, not TSDs. Conditionally exempt small quantity generators do not have to notify; so they are not 100% represented. Hope this helps.

Requester's Reference No. 06-RIN-06-00097

Dear Ms. Douglas:

This is in response to your Freedom of Information request which we have numbered 06-RIN-06-00097.

Enclosed is a CD-ROM containing data generated by EPA for the area near Santa Fe, NM. A member of my staff discussed the fee for this information on December 13, 2005 and received a verbal fee commitment for \$113. You will be receiving a bill for this amount from our FOIA Officer.

If you have any questions concerning the status of the remainder of your request, please contact the Freedom of Information Officer at (214) 665-6597.

Sincerely yours,

A handwritten signature in blue ink, which appears to read "Debra Griffin", is written over a circular blue ink stamp.

Debra Griffin  
Associate Director  
Compliance Assurance and  
Enforcement Division
